Mr. Editor with your permission I wish to correct the above from Castleton. I think the gentleman a christian something like the priest that cursed those forty and two children. Sir I said not Will come nearer getting the correct one word against the churches, neither did I say one word against the God that made me. Not one word. We did say this, that we did not believe the bear story that God would treat children in such a cruel way, but rather believe that the priest that would curse would lie. Christ at one time said, "suffer little children to come unto me for of such is the kingdom of heaven," then why should I believe that he would let His old she bear loose on them after teaching us, "To do unto others as you would have them do unto you," Neither do I believe that and goodness, in our Twenty-five the God that made me ever told Moses Cent, Milinease Mitt than you ever or any other man to kill the old men and to mix their grey hair with blood. TERMS ACCEPTED.

Great Britain Said to Have Agreed to Nicaragua's Proposal,

COMPLICATIONS IN THE EAST

Russia Invites France and Germany to Sign a Note Stating Their Objections to the Treaty Between China

and Japan.

WASHINGTON, May 1 .- Dr. Guzman called at the state department at 11 o'clock to-day. Up to that time he had not received official information of Great Britain's acceptance of Nicaragua's terms, although the correctness of the unofficial advices was not ques-

From the British standpoint the acceptance of the compromise and the mmediate evacuation of Corinto establishes the good faith of Great Britain. From the first the British authorities have assured Ambassador Bayard and the latter has so advised Secretary Gresham, that there was no purpose of aggression, or of securing a foothold in Nicaragua. The only purpose, Earl Kimberly said, was to collect a debt by such force as was necessary and then to depart. Nicaragua, notwithstanding these assurances, maintained that the collection of the \$77,500 was merely a covert means of occupying her territory. This view prevailed very widely here, even in some official quarters, although the policy of the government had been to accept the good faith of

Great Britain's representations. The withdrawals of the troops from Corinto and the departure of the fleet not only ends all questions of British territorial extension in Nicaragua, but also puts at rest the fears entertained that the control of the Nicaragua canal route would be seriously affected by the proximity of the British forces. The affair has cost Nicaragua more than the original \$77,500. It was necessary to raise 3,000 extra troops at a cost of \$3,000 per day. The abandonment of Corinto as a customs port has also resulted in much loss. The disturbance to business and commerce is a loss which cannot be measured in dollars.

Eastern Complications. Paris, May 1.-The Gaulois to-day announces that Russia has invited France and Germany to sign a joint note stating their objections to the treaty of peacearranged at Shimonseki between the representatives of China and Japan and that the latter country be notified that the fact of her ignoring this note will warrant armed intervention on the part of the three powers which sign it.

Li Hung Chang Summoned.
THEN TSIN, May 1.—In response to an imperial summons Viceroy Li Hung Chang has started for Pekin. It is believed that the object of this journey to the capital is to receive the emperor's ratification of the treaty of peace arrived at between China and Japan. Ready to Ratify the Treaty.

YOKOHAMA, May 1 .- Count Ito, president of the Japanese council of ministers, and Count Mioji, the Japanese envoy, have started for Che Foo in order to be ready to ratify the treaty of peace on May 8, the date fixed by the peace envoys for the ratification.

A HUNG JURY FOR WILDE. Unable to Agree Upon a Verdiet-A Second

Trial at the Next Term. LONDON, May L .- In the Old Bailey court to-day Justice Charles summed up the case against Oscar Wilde and Alfred Taylor. The jury retired at 1:30 o'clock, and at 3 o'clock requested that lunch be sent to them, reporting that there was then no sign of an agreement. After lunch the jury resumed their deliberations and afterwards returned and announced that there was no possibility of coming to an agreement. They were discharged. Counsel for the prisoners then made application for bail, but it was refused.

Wilde will be tried again at the next session of the central criminal court.

DRIEST APRIL IN YEARS.

Not Such a Small Amount of Moisture Known for Many Long Seasons. LAWRENCE, Kan., May L-Observations taken by Chancellor Snow show that the month of April was the driest in twenty-seven years. Seventyfour-hundredths inches of rain fell -only one-third the mean aver-

age for the preceding Aprils since 1868, and 34-100 inches below the rainfall in April, 1870, which has stood heretofore as the driest April on record. This makes seven consecutive months with rainfall below the average. The last four months have had less precipitation than any period of the same four months recorded at the university station.
